

Come and see the future of urban living

Geelong's first ecologically-sustainable display home demonstrates how easy it is to meet the vital challenges of water and energy conservation

The Sharland Oasis display home proves there are many opportunities to save precious natural resources simply by using best-practice design and sustainable construction materials in the creation of your home.

Achieving water and energy savings of up to 80 per cent

Located in a water-sensitive designed subdivision, Sharland Oasis shows home owners how to achieve water and energy savings of up to 80 per cent, a target which is within easy reach of this extraordinary home.

Take a look at the future, for yourself

Build a contemporary, water and energy-efficient home without compromising your lifestyle or comfort levels. At Sharland Oasis, you'll see the latest water and energy-saving ideas, like greywater, tank-to-toilet rainwater systems and solar energy technology. In addition, you'll discover how stylish and colourful a water-sensitive garden can look.

There's just so much to experience, the best idea is to come along and take a look at the future of urban living for yourself.

Sharland Oasis is located in Geelong, Victoria, at 7 Lomandra Ave, Hamlyn Heights. **Melway Ref: 441 D6**
Entry is via Ballarat Rd Service Rd off Vines Rd, Hamlyn Heights, Geelong.

Open from May 2005
